

# Recover & Revive Foundation

“To provide support to individuals, families, and communities struggling with drug and alcohol addiction for a better, healthier lifestyle”

Established in 2021, the Recover and Revive Foundation is a non-profit 501(c)(3) organization located in Mercer County and created to give support to those battling addiction. Every day we are working to increase the likelihood of successful treatment and reduce the probability of relapse. Currently, our foundation is facilitating the following services: providing routine dental care, reuniting families, hosting holiday events for clients and their families, teaching new trades and vocations, rendering transportation to treatment, supplying transitional support upon treatment completion, and removing drugs from our community. We are very proud of our early success and look forward to the continued positive impact we can make in the days and years to come. With your support, we hope to make 2024 our biggest fundraising year to date. For our final event of the year, we will be hosting a Bridgerton Themed Tea in a spectacular Holiday setting. If you have missed out on the pleasure of visiting, “The Gibson House Manor,” during the Holiday Season, we promise this location will take your breath away! The Holiday Decor will surpass any expectations you may have. We look forward to sipping tea and celebrating all things Bridgerton with you very soon! Thank you for your consideration.

**EXTRAORDINARY PEOPLE, EXTRAORDINARY NEWS**

---

Dearest Gentle Reader,

The Ton are abuzz with the latest gossip, and so it is my honor to impart to you: The Recover and Revive Foundations's Afternoon Tea at The Manor shall return for a second season. I do hope you have stored your excitement for this most delightful occasion sure to be the envy and talk of the season.

The incomparable setting will return as our host, but this time with a Holiday twist. This author has been reliably informed that the décor is fit for Queen Charlotte herself. As always, I will have my pen ready to report on any and all of the salacious events of the day.

For now, I urge you to fortify yourselves with an acceptance to this most special Afternoon Tea, as this soirée is limited to the very special few members of the Ton. However, before you set the Ton alight with requests for more sordid details, know that this author has secured them all. Because as we know, if anyone shall reveal the circumstances of this event, it is I.

*Yours truly*

*Lady Whistledown*
